323 Mudd, Department of IEOR, Columbia University
500 W. 120th St., New York, NY 10027

EDUCATION

COLUMBIA UNIVERSITY — New York, NY
September 2014 - May 2019 (exp.)

Candidate for Ph.D. in Operations Research

Advisor: Ward Whitt

M.S. in Operations Research, GPA: 4.0/4.0

NANJING UNIVERSITY — Jiangsu, China
June 2014

B.Sc. in Mathematics, Ranking: 1/128

RESEARCH INTERESTS

Stochastic Modeling, Queueing Theory, Inventory Management, and their applications to the performance analysis and design of service, healthcare, and transportation systems.

PUBLICATIONS & PREPRINTS

Published

1. The Advantage of Indices of Dispersion in Queueing Approximations,
   W. Whitt and W. You, *Operations Research Letters*, Volume 47, Issue 2, March 2019, Pages 99-104.
2. Time-Varying Robust Queueing,
   W. Whitt and W. You, *Operations Research*, forthcoming, 2018.
3. Heavy-Traffic Limit of the GI/GI/1 Stationary Departure Process and its Variance Function,
   W. Whitt and W. You, *Stochastic Systems*, vol. 8, No. 2, 2018, pp. 143-165.
4. Using Robust Queueing to Expose the Impact of Dependence in Single-Server Queues,
   W. Whitt and W. You, *Operations Research*, vol. 66, No. 1, 2018, pp. 184-199.

Preprints

1. A Robust Queueing Network Analyzer Based on Indices of Dispersion,
   W. Whitt and W. You, working paper, 2019.
2. Heavy-Traffic Limits for Stationary Network Flows,
   W. Whitt and W. You, submitted to *Queueing Systems*, 2019.

ACADEMIC SERVICE

Reviewer: technical papers for research journals
Session Chair: INFORMS APS Meeting 2017

CONFERENCE PRESENTATIONS & INVITED TALKS

"A Robust Queueing Network Analyzer Based on Indices of Dispersion"

Invited talk at iDDA, CUHK, Shenzhen — *January 2019*

INFORMS Annual Meeting 2018, Phoenix, AZ — *November 2018*

"A Robust Queueing Network Analyzer for a Series of Single-server Queues"

INFORMS Annual Meeting 2017, Houston, TX — *October 2017*

Invited talk at IBM Watson Research Center, Yorktown Heights, NY — *November 2017*

"Time-Varying Robust Queueing"

INFORMS APS Meeting 2017, Kellogg School of Management, Evanston, IL — *July 2017*

"Using Robust Queueing To Expose The Impact of Dependence In Single Server Queues"

Invited talk at School of Management and Engineering, Nanjing University, China — *January 2017*

INFORMS Annual Meeting 2016, Nashville, TN — *November 2016*

TEACHING EXPERIENCE

COLUMBIA UNIVERSITY DEPARTMENT OF IEOR — New York, NY

IEOR 4307 Applied Statistical Models, *Teaching Assistant*. — *Spring 2017*

Instrctor: Antonius Dieker. Class size: 26 students.

- Ran weekly recitations and pre-exam review sessions, held office hours.
- Developed rubrics and solutions for homework, R programming assignments, midterm and final.
- Assisted students to create online apps with Shiny and Google Cloud Platform.

Other teaching assistantship

- IEOR 4404 - Simulation — *Spring 2015, Fall 2017*
- IEOR 4106 - Introduction to OR: Stochastic Models — *Fall 2014*

SELECTED AWARDS & HONORS

Fu Foundation Presidential Distinguished Fellowship — *2014 - 2018*

Outstanding Award for National Undergraduate Innovation Program — *2013*

China National Scholarship — *2011*
